The Indian Customs and Maritime Authorities very well respect ICSA. In collaboration with them, they have pioneered many key Govt. initiatives and have been at the forefront of executing the same for the benefit of the trade. The Govt. of India has duly recognized the contribution of the group to the industry.

ICSA, in the last nine decades, has nurtured various greenfield opportunities and developed strong and very loyal relationships with our customers, who have been the bedrock of our success. We strongly believe in building a long-lasting relationship with customers and stakeholders. Transparency and Ethics should be foremost to build trust, and ICSA prides itself on having built many such relationships over the decades.

OUR VISION

To be an iconic brand with a global footprint, providing specific solutions to address our customers' unique logistics challenges, through a logical and analytical approach with an optimum mix of people, processes and technology.

OUR MISSION

To nurture and empower a motivated team of highly skilled professionals, to focus on building long term relationships, by adopting a consultative approach to ensure transparency & responsiveness with all our partners ensuring sustainable & inclusive growth, for the mutual beneficial of all our stake holders.

The background of the slide features a silhouette of a large truck on the left and three construction workers in hard hats on the right, standing on a construction site. The scene is set against a bright, hazy sky at sunset or sunrise, with a crane visible in the distance. The overall color palette is a gradient of light blue and white.

QUALITY POLICY

We are committed to providing all our customers with a unique value proposition through cost effective, best in class solutions, with the effective use of technology & innovation, delighting them each time, every time.

OUR PHILOSOPHY

Core Values

Shipping **FREIGHT FORWARDING**

ICSA, with its vast experience in the Container line business, has developed a solid in-house Freight Desk. We offer the best freight rates to a wide selection of shipping routes and air freight to meet client delivery times and cost expectations with total transparency in transactions & operations with no hidden costs.

ICSA is a registered and certified Multimodal Operator with our Multimodal Transport Document backed by first-class insurance. We have also accredited IATA agents & hold airway bill stocks of all leading Airlines in India. We enjoy excellent rapport and goodwill with the top shipping lines and airlines in the market.

- Wide selection of shipping services to meet client delivery times and cost expectations
- Total transparency in transactions & operations with no hidden costs
- Tailor made routing options for best 'cost-to-value'
- Commitment to quality communications and service support at every step
- Applying essential consistency, reliability and flexibility across sustainable solutions

Through our smart partnerships with like-minded companies in over 100 countries, we offer door-to-door services, including first & last-mile connectivity to minimize our customers' need to interact with multiple agencies, cater to your total logistics requirements & simplify your supply chain.

At ICSA, we can offer you the best experience and tailor-made routing options with the best cost-to-value options. Our commitment to quality communications and service support at every step of the way.

Shipping **SHIP AGENCY**

ICSA has licensed at all major ports in India to act as agents for Vessel Owner & Operators. This includes handling all formalities related to customs & immigration authorities, the Port Management & other shoreside requirements of the vessel during her stay at Berth.

ICSA has also acted as exclusive booking agents for several shipping lines as Principals for over 70 years. The first such relationship was established way back in

1948 with Gydnia America Line (later renamed Polish Ocean Lines), which lasted for 41 years.

However, ICSA's closest agency relationship to date was with Mitsui Line, which was established in 1951 & continued after 1964 under the new style of Mitsui O.S.K. Lines (it merged with O.S.K.) until as late as 2007, a period of over 56 years.

Logistics

CUSTOMS CLEARANCE

It has been at the core of the group's activities since its inception. Over the last 90 years, the company has carefully nurtured & built an impeccable reputation of honesty, integrity & transparency in its dealing with customs authorities and gained their respect and enjoy an excellent rapport with them. Combined with its core values & a highly experienced & professional team, it allows it to offer some of the quickest & most efficient clearance times in the entire industry, clearly establishing itself as a leading player in the country.

Given India's complex customs clearance procedure, ICSC dedicates itself to constantly staying abreast of developments & providing its customers with accurate & up-to-date information of changes, duty structures, processes, and formalities to be completed before import or export of cargo.

ICSC has proactively been at the forefront of the recent initiatives undertaken by Indian customs to slowly change from a cumbersome & time-consuming paper process to a highly automated clearance procedure to match if not outdo those of the developed nations. ICSC is already online with customs & is fully equipped to clear documents electronically.

To further enhance the quality of services & differentiate itself from others, ICSC provides its customers with periodic stage-wise progress reports explicitly tailored to suit their requirements.

Logistics

CONTAINER FREIGHT STATION

ICSA operates its own Container Freight Station in Chennai through an Operational Agreement with M/s. S.T.P. Services Private Limited, the license holder. This is the most recent addition to the group's logistics activity portfolio as it filled the one vacuum that existed in the import & export process for cargo. This is the closest C.F.S. from the Chennai Port location & Operations commenced as recently as January 2016. This addition to the portfolio has given the group a tremendous advantage over its competitors in terms of distance from the port and the fact that the group has its registered transport division making it highly cost-competitive.

Logistics

WAREHOUSING AND DISTRIBUTION

ICSA has exclusive tie-ups with warehousing companies across the country with dedicated warehouse space for storage and transit points for onward distribution. We also undertake specialized services such as unpacking & repacking as per the requirements of our customers.

Through our trucking arm, we offer first mile & last-mile connectivity either in the form of store door pickups & deliveries or complex distribution networks specifically designed for our customer's needs.

Mobility

ROAD HAULAGE TRANSPORTATION

The company commenced trucking operations in 1998 and grown to a sizeable fleet of over 175 owned vehicles.

ICSA provides comprehensive transportation solutions with an expansive and diversified vehicle fleet. With a wide range of fleet from mini trucks with less than 1 metric tonne capacity to multi-axle articulated trailers with a carrying capacity in excess of 30 Metric Tonnes, it caters to a large selection of cargoes to ocean-going 20' & 40' Containers.

ICSA Mobility offers a full suite of transportation solutions paired with advanced T.M.S. and G.P.S. fitted vehicles backed with a robust information technology infrastructure, 24/7 control centre, front-end devices that gather information and report accurate real-time, critical shipment data.

Mobility

PROJECT AND OD MOVEMENT

ICSA Projects division has extensive knowledge and expertise in planning and executing large Projects and Over Dimensional movement. Our primary strength is our capability to access a comprehensive network of highly sophisticated and efficient fleets such as High Bed Trailers and Low Bed Trailers, Multi axles, Heavy Duty, Specially fabricated vehicles.

ICSA prides its systematic approach and point-to-point management with planning

routes and transfer points to ensure prompt on-time delivery of odd-size project cargoes.

We offer a Single Window Service for Over-Dimensional Bulk Cargo of any size.

CERTIFICATIONS & MEMBERSHIPS

OUR HISTORY

International Clearing and Shipping Agency (India) Private Limited is the flagship company of the ICSA group. The Story of the ICSA begins in 1931, way before India attained its independence, and ICSA marked its humble beginning as a clearing house for goods imported from other countries.

K. J. Seetharaman

Mar 31, 1938 - Dec 06, 1993

K. S. Janakiram

Dec 24, 1912 - Dec 20, 1974

K. J. Ramaswamy

Mar 07, 1946 - Jul 30, 2018

In 1936 our founder Shri K.S Janakiraman, a very astute and enterprising gentleman, bought this company from the erstwhile owners and initiated the entrepreneurial journey for the generations to come. Over the last few decades, the ICSEA group has seen many tall leaders within the family and external professionals.

ICSEA were the pioneers in the Shipping agency business and were responsible for introducing containerised shipping to the south of India. IN 1949 ICSEA got its first direct appointment as agent for Gdynia America Shipping Lines (later became East India Shipping Company which was subsequently taken over by Polish Ocean Lines) & in 1954, ICSEA was

also appointed as general agents for Mitsui Line of Japan along the East Coast of India. This mark the beginning of the group's large strides in this Shipping industry.

ICSEA, over the decades, has grown from one strength to the other and is also responsible for many firsts in the south of India when it comes to the Shipping services business. Currently, it is being run by the 3rd generation of leaders who have successfully steered the group and consolidated its leadership position in the Shipping, Logistics, and Mobility space.
